**REVISED POLICY FOR CONTINUOUS ASSESSMENT PROCEDURES**

Continuous Ongoing Assessments give a complete overview of a child's performance. Remedial measures can be taken immediately rather than at the end of the Bimonthly or Term Exam.

Continuous Assessment is carried on through tests, project/oral work and child observation recordings.

The unmanageable strength. in classrooms overburdens the teacher and adversely affects the teaching/learning process. The correction work of large class strength is stressful for the teachers. APSACS Sectt has been giving guidelines for continuous assessment, some schools are interpreting these assessments as bimonthly / monthly tests, thus putting an unrealistic load on the students.

Continuous Assessment Procedures for the 2nd term have been revised, to facilitate the teaching faculty and ease students. Number of tests, required to record for a bimonthly are being reduced.

**Revised Assessment Procedures are to be implemented from Second Term 2008-2009**

**Details of no. of Tests / Marks (sent by A & E Dept. APSACS) will be displayed in the Section Head's offices.**

**Points to be noted:**

- Assessment tests will be given routinely as an evaluating tool.
- All assessment tests have been accommodated in the zero periods.
- Assessment tests will not be taken in the first week and last week of a bimonthly.
- Assessment Tests will be taken during Zero Periods on Monday and Thursday (Creative writing/comprehension, English & Urdu may be taken in the double period of the subject).
- Time has been allocated in the curriculum Break-up for any additional assessment/reinforcement/revision.
- All assessment tests are not to be taken at the end of the month rather tests will be spread across 6 weeks for ONE Bimonthly Report.
- No date sheet will be given to students. Teacher will announce the test in the class and to be noted down in the Student Diary 2/3 days prior to the test.
- If a student misses a test his/her aggregate will be taken out of his pervious test. This rule does not apply to a habitual absentee.
- Since the number of tests is reduced Section Heads must ensure that teachers give spot class tests on their own (without recordings on assessment sheet) to develop the capability of students in exam performance.

**Revised**  
**Continuous Assessment Procedure – Pre- School (Kg - Prep)**  
 (Detailed subject wise Class Works, Assessment Tests, Oral/Project Work)  
 (To be displayed in the office of the preschool section head)
